

**"I've recaptured the sheer joy
of motoring since
I had this Austin-Healey"**

I'VE JOINED the happy band of Austin-Healey owners. And I see now what they were talking about. This car really is a pippin.

She behaves beautifully on the road—sticks to it like a clam and any corner I put her at she takes as if she's on rails. In fact she's so good I'm even thinking of a spot of competition driving myself.

Temperamental? I've done ten thousand miles so far and not an atom of trouble. And I get a genuine 25 m.p.g. Not bad! No, I've looked around and there just isn't any doubt. This Austin-Healey's far and away the best sports car value on the market.

RECORD-BREAKER The Austin-Healey holds many International, National and Stock Car records including 24 hrs. at 132.29 m.p.h. and in addition it has received many premier awards for outstanding design and value.
