BEAUTIFULLY FAST, HE AUSTIN HEALEY

It's less than fair to the Austin Healey to tell you she's fast, and leave it at that. For if you're a sports car driver you take sheer speed for granted. What you really want to know is how quickly she builds up speed, how firmly she corners at speed, how well she handles at speed. You also want to be satisfied on the technical side: aerodynamic efficiency, the convenient placing of the controls, the good layout of the engine. Finally you want a car whose lines please you. For in that way, just like yachts, sports cars have their own personality.

For the impressive facts and figures, read the table below. For the rest, see the Austin Healey and drive her. But bear this in mind: buy a Healey and you buy a car with thousands of miles of racing experience built into her design. On top of all that the real leather seats, the deep carpeting and handsome fittings amount to a bonus at the Healey's price.

ACCELERATION (from zero)

30 mph.....	3.7 seconds
40 mph.....	5.8 seconds
50 mph.....	8.2 seconds
60 mph.....	11.9 seconds
70 mph.....	16.1 seconds
80 mph.....	22.3 seconds

ENGINE 2.6 litre o.h.v.

TORQUE 150 lbs. at 2,000 rpm

TOP SPEED 100 mph plus

BHP 90 at 4,000 rpm

MPG 25-27
